INSTITUTIONAL VISION

&

LEADERSHIP

6.1.1

***The Institution has clearly stated vision and mission
which are reflected in its academic and
administrative governance.***

Motto: Quality Education Comprehensive Care

VISION

The goal of R. D. Memorial College of Nursing is to graduate elite nurses who are committed to providing compassionate, high-quality nursing care. Provide productive work environments where each student's personal and professional growth are valued and supported. establishing the standards for excellent nursing practice in the workplace and in academia, carrying out nursing research, and spearheading the advancement of the profession.

MISSION

- To make learning engaging and motivating so that students can fully realize their potential as lifelong learners by utilizing cutting-edge technology.
- To encourage interdisciplinary cooperation and partnerships in order to promote synergy and integration between research, education, and practice.
- To advance professionalism through globally minded, high-quality, and value-driven education.
- To provide leadership training to young professionals so they can address the public's health care requirements.
