## **E-Governance Architecture**

**E-governance** is the use of modern information and communication technologies such as internet, local area network, wide area network, mobiles, etc., by the R. D. Memorial College of Nursing Bhopal (RDMCON) to improve effectiveness, efficiency, and service delivery to the staff and students to promote transparency.

### **Implementing e-governance:**

Implementing e-governance aims at achieving several objectives and goals that adhere to the following principles:

1. Improvement e-governance services to the students and staff
2. Empowerment of staff and students to access College related information and ability to interact with staffs
3. Transparency in achievement and accountability.
4. Improvement of internal relationship between the staff, students and stakeholders

To enable students and staff to access the College related information. It enables students and staff to participate in the committee related decisions To provide reliable and efficient e-services to the students and parents

To guide and support users to access e-resources

To interact with students with regard to class, complaints, feedback etc

To provide class notes/ videos / IA test or exam time tables, question papers etc
